Checklist for Restarting Meetings

Restart Scouting Checklist

As always, the safety of our Scouts, volunteers, employees and communities is our top priority. This checklist outlines several minimum guiding protocols that adult leaders/volunteers must consider while working with local and state health departments, local councils, chartered organizations and Scouting families on when and how to resume meetings, service projects, camping and all other official Scouting activities.

If it is not practical to meet these minimal protocols, do not restart in-person activities.
